

TD-rollen og verden

Hvem bestemmer fremtiden?

Players win as many games as possible within a **24-minute** match.

First player to score **11 points** wins the game. No deuce.

Each game won counts toward a player's **singles standing** and **team** standing.

If a game is in progress when match ends (i.e., after 24 minutes), the player in the lead wins the game.

Clock stops during 1-minute break after second game, and Team Captains' 1-minute time-outs.

A Team Captain may call **one time-out** during a match.

If a game ends within the last 2 minutes of a match, a final 5-point **Kill Zone Game** is played. No time limit for Kill Zone Game.

If a player returns or serves a ball the opponent doesn't touch at all, they score 2 points instead of 1.

'WILDCARD' X 'WINNER'

If a player scores a winner on the wildcard ball, they win 4 points!
